Projects

- **PortFolio site** ➡ 2023-2023
 - My Portfolio website is a reflection of my design aesthetics and attention to detail. With a clean layout, I have focused on creating a user-friendly interface that allows visitors to explore my project effortlessly.
 - Tech-Used: Created this portfolio website with help of **HTML**, **CSS** and **JavaScript**. Further for making it responsive I've used Media Query.
- **MP-Toursim_Site** ➡ 2022-2023
 - MP Tourism Site, a visually stunning tourism website designed to transport you to some of the most breathtaking and adventures destination near Madhya Pradesh.
 - Created with a seamless blend of **HTML5** and **CSS**, also added youtube videos and few pictures.
- **Figma & Canva Designs** ➡ 2022- 2023
 - Developed figma design that aimed to make something visually appealing and easy to use.
 - In **Figma** : I have developed a web page for shopping Nike Shoes. The layout is simple, with menu at the top that let user easily explore different categories.
 - In **Canva** : Edited my First Youtube Video and also created thumbnail for it.
